RICERCA EDUCATIVA

Quale modo migliore di iniziare l'anno parlando delle proprie vacanze, ormai , purtroppo terminate ?

Attraverso la condivisione delle foto estive della docente gli alunni hanno appreso nuovi vocaboli e strutture legate al tema My summer / My summer best experience ( listening skill) ed hanno, poi, preparato la loro presentazione attraverso foto o semplici frasi da condividere in classe ( speaking skill).

Tutto rigorosamente in English, sempre con il focus della comunicazione. La writing skill è stata un'attività facoltativa di backup alla parte di speaking.

Le foto hanno permesso di divertirci ed hanno mantenuto il focus dell'attenzione.

Sorry , but we could not share with you the best personal pics

( only for our class work... especially the teachers'ones!!!) Thanks students for your sharing...

Summer makes me feel free and reminds me my amazing summer activities at the church club. In summer I wake up at 9 am. I always have a big breakfast. I am really into seaside activities and meeting my friends. I usually go to Jesolo with my family. My key words are freedom and relax.

# My summer

In summer I usually like to travel with my family or I love to stay at home in my pool with my friends. In summer I am always on the move. During my summer I "flew" from one side to the other. The first week of July I left with my uncles for a relaxing week in the mountains. On August 10th I left, this time, with my parents. We went back to the mountains to spend the weekend of August with my uncles and cousins. I spent the most beautiful weekend of all summers. After returning from the mountain I went to the lake with my uncles. The last holiday I had was my beloved Puglia. I left, together with my parents and friends, on August 25. I was there 2 weeks; the most beautiful of my life. Unfortunately, I returned on 9 September.

# My top summer experience

In summer I did different types of experiences, but one was very interesting: the visit to Genoa aquarium.

When my family and I go to Sestri Levante (GE), we usually visit a new thing and this summer we visited the Genoa aquarium.

I went to Genoa aquarium when I was very young so I didn't remember anything and I was excited to the idea of going again. So we jumped in the car and we went to Genoa!

We bought the ticket and went into one of the most popular aquariums in the world. We could see fish of all kinds and anyone we could touch. We could see a different type of jellyfish, we could see seals, snakes, sharks and in the end the fantastic dolphins.

After that we ate the genovese dishes in a restaurant in front of the port "Porto Antico" and we could see the boat of the Marina Militare "Amerigo Vespucci".

**My best day** was when I went to visit Prague on the 24th of August. That day I took a bus with my mum, my brother, my aunt and my cousin. We got up early in the morning and we had breakfast at McDonalds. First, we visited the Prague Castle where King Charles IV lived. There is also St. Vitus Cathedral and Golden Lane. I also saw the changing guards, I really enjoyed it. After that we searched for a place to have lunch and we ate a typical Czech food: fried cheese with boiled potatoes. After lunch we had a walk on the Charles IV bridge and my brother bought a Trdlo: it is a huge cannellino with an ice cream inside. After that we arrived to visit an illusion museum where we did some illusion photos of paintings and buildings. At the end of this adventure we went shopping and we had dinner. At the end we took the bus to go back to my uncle's house.

## My summer

Summer means hanging out with my friends, playing everyday and travelling with my family, to me.

My summer key words are great experience, other country, funny and relax.

My top summer activity is hiking because I usually stay in mountains for one month, in my house, and I hiking for explore the place and see amazing animals.

I am into the summer club because I can play and talk with my friends and maybe win also the camp.

Summer reminds me the lovely experience in a college in UK without parents and my sister.

In summer I rarely watch tv because I prefer hanging out with my friends.

In summer I can chill out for long time and I can go to the bed late because there isn't school.

PIETRO 3AML

For me summer means getting up late and above all travelling.

My key words are mountain, sea and beach.

I usually feel relaxed and it makes me happy

I love mountain because I like mountain biking and hiking.

I don't mind holiday homework

I have time to read and play and I can play volleyball or swim
